Local Lady Launches Final Ship

Recreation Program to Continue—Almost Assured

There is good reason to believe the recreation program will continue through October 31, 1945, according to Marin County recreation department. A representative at the county recreation offices stated that the department was almost certain the program would receive Lanham funds through the month of October. At this writing the offices were patiently awaiting the final and official word on this matter.

With this good news in the offing, Marin City parents should feel proud. Through action taken by them the recreation program looks like "a cinch".

Hundreds of children and adults will continue to receive the many benefits offered by the recreation program. It means the continuation of supervised playgrounds, craft programs, teeners' activities and free evening swimming for adults and their children at Tamalpais High School, which also includes access to the high school gym facilities there.

Offices of the recreation department stated that the postwar recreation committee is attempting to continue the recreation program after October 31, 1945, through the aid of the County Board of Supervisors, city councils and local organizations. It is hoped the parents will lend all support possible to this recreation committee so the program will become a permanent fixture in the lives of their children.

Mill Valley's Rationing Board Locks Up Shop

Mill Valley's War Price and Rationing Board 83.6.2 has announced that its offices are permanently closed as of September 19, 1945. Chairman of the Board, Frank C. Herrick, said that henceforth all institutional users will apply at the Institutional Rationing Center, 9 Main Street, San Francisco. All others will contact the Marin County Rationing Board, Masonic Building, San Rafael.

Herrick extended "his thanks and appreciation to all those who gave their time and effort to accomplish the purpose for which the agency was established." He also sent out his thanks to the public "who considered rationing a necessary measure and were all so willing to cooperate for the general good of all."

Riders to Field

Pvt. George Herman, House 433, is offering rides to anyone who wishes to commute between Marin City and Hamilton Field. Herman leaves here about 6 or 6:15 and arrives at the Field at 7 a.m.

For any further information regarding the ride, those interested should contact the local USO-Travellers' Aid.

Welcome Benny

Former recreation leader Benny Benefield has returned to Marin City after working during the summer months at Blister Rust camps in the Sierras.

Benny has already resumed his fine work here and recreation classes are open every Monday through Thursday evenings from 6:30 to 9:30.

New and old residents join us in welcoming Benny home.

Excellent 'Rec' Program Planned By New Director

With a championship record behind her as founder and director of numerous recreational programs, Miss Viola McLarnan has taken up duties in Marin City as the director of playground activities. Hailing from Kansas City, Mo., and now a resident of California for almost two years, Miss McLarnan is avid about the work ahead of her.

A definite schedule for the playground and craft room program, which becomes effective Monday, September 24, has been set up by the new director. The craft program will be in charge of Mrs. Jean Rowe, five days a week, from 9 a.m. to 12 noon. Playground activities will be given six days a week from 10 a.m. to 12 noon and from 1 to 5 in the afternoon. Miss McLarnan informs us that each week the activities will be varied and suggests you keep posted through a weekly schedule to be published in The Citizen.

For the week starting September 24, the following program has been outlined:

Craft classes open to all Marin City boys and girls. Construction of an Indian village, with totem poles, clay pottery, Indian head dresses and puppets is now in progress.

Continuous playground activities will include touch football, soccer, kick ball, volley ball, and softball.

On Thursday of the coming week, from 4:30 to 5:30, there will be a guest hour. Special events, such as pet shows, craft exhibits, and field meets, will be held.

Miss McLarnan hopes that parents will show an interest in the planned recreational program and visit with her at any time.

Local NAACP to Hold Important Meeting Here

A call for action and an increase in membership was voiced by Joseph James in his address to members of NAACP in a meeting September 19 at the Community Building in Marin City.

James emphasized the need for NAACP members of Marin City to keep abreast with the efforts of the organization. Various problems which exist in Marin City among members of the organization were discussed.

At the conclusion of James' address, the group elected A. G. Cleaver as its permanent chairman and Mrs. A. R. Watkins as its secretary. Additional elections were postponed until the next meeting set for Sunday, September 23, at 4 p.m. in the council room of the Community Building. All Marin City residents are invited to attend the meeting.

Santa Claus Comin' to Town

Santa Claus will be comin' to town this Christmas, or at least his better half will be here, as a result of a Santa Claus costume donated by the former local Women's Club. This contribution to the community is deeply appreciated by all residents and sincere thanks are extended to all members of the former club.

Immunization For Children

The Marin County Health Department has just released the following information:

"On Monday, September 24, the Marin County Health Department begins this year's school Immunization program, with Sausalito and Marin City. Immunization is offered for diphtheria and smallpox. For children under five years of age immunization for whooping cough is also available at this time.

Health department recommendations are as follows:

1. Diphtheria — three doses of Diphtheria Toxiod to be started when the child is nine months old and repeated at school age unless periodic "booster" shots have been given during the preschool years. A "booster" is a single reinforcing injection to aid in maintaining a high degree of immunity. Children who have had a complete series of Diphtheria shots on entering school may have periodic booster shots during the school age years.

2. Smallpox—Vaccination for all who have not previously been inoculated and for all who have not had it within 5 to 7 years.

3. Whooping Cough—Immunization for all children under 5 years of age. A series of three shots is advocated when the child is under one year and periodic boosters up until 5 years of age.

Children under 5 who have neither Diphtheria nor Whooping Cough immunization may have a serum combining the immunizing properties of both.

Immunization of children is entirely optional, and none will be given without the signed request of the parent or guardian. Forms will be sent home by the school nurse this week and those desiring the immunization are asked to complete and return them as soon as possible.

If there are questions regarding this program, Mr. Andrew may be contacted at either Sausalito or the Marin City school, or the County Nurses may be reached at the Marin County Health Department by phoning San Rafael 871.

Committee Meet

On September 20 a meeting of the local USO Advisory Committee was held to discuss the revision of the committee from an advisory capacity to an operating committee.

Keys Found—USO

The local USO-Travellers Aid offices are holding some keys found by Sergt. Eddings, House 500 on Thursday of last week. Contact the USO for information.

Mrs. Severson Rings Down Curtain at Marinship Yard

Whistles blew, sirens shrilled, the band struck up a tune, confetti poured from the decks of the SS Mission San Francisco and thousands of eyes watched Marin City's Mrs. Moreland S. Severson smash the 93rd bottle of champagne against the bow of the last ship to be launched at Marinship yards. Immediately after the Mission San Francisco had completed her silent, graceful slide down Way Five, a feeling of finality seemed to sweep over the yard. As if the curtain had fallen on the last act. All present looked as if they were saying, "It's over—finis." Mrs. Severson's act completed a three-year job termed "well done".

Mrs. Severson, House 239, is the wife of the Marinship payroll supervisor and has lived in Marin City for almost three years. When asked what her reaction to launching the last ship was, she used the two words, "exciting" and "thrilling". As she broke the bottle of champagne, she recalls, Russell Fox pinned a dainty imported gold lapel watch on her suit coat as a gift from Marinship.

After the launching, several hundred guests attended an elaborately-prepared luncheon which included a 200-pound cake made by seven Chinamen, and other decorative foods "fit for the gods". Included among the guests at the luncheon was Sgt. Kenneth Car, just returned from Germany, who donated his captured German sword to cut the huge ship-like cake.

Four generations of Mrs. Severson's family were present at the launching and reception.. They were, her grandmother, Mrs. Mary Charles, Redwood City; her mother, Mrs. C. E. Wheelock, of Santa Rosa, and Mrs. Severson and daughter.

To add to the thrill of a memorable day, the Severson's daughter celebrated her birthday this same day—September 18, 1945.

Special congratulations to all Marinship workers were voiced by Carl W. Flesher, former regional director of ship construction for the United States Maritime Commission.

"Marinship is one of the nation's most efficient shipyards. I am sure that you will continue to meet the needs of peace as you have met the needs of war."

The spirit of the men and women of Marinship—75,000 in all during the war-time period—was expressed by John W. Hardie, general superintendent of ship construction, who declared that Marinship's work had been a "glorious adventure." A recognition of the share contributed by each craft and shift was given by Albert Webb, yard superintendent.

Sponsor of the Mission San Francisco was Mrs. Moreland S. Severson, of Marin City, wife of Marinship payroll supervisor. Matron of honor was Mrs. Howard L. Chapman, of San Francisco, whose husband is a Marinship welder. Maid of honor was Miss Marion E. Buhman, of Fairfax, Marinship duplicating supervisor.

Invocation was offered by Dr. Lynn Townsend White, Professor of Christian Ethics at San Francisco Theological Seminary, at San Anselmo. Launching narrator was Edwina Whaley, general office manager.

The program was opened by R. W. Adams, employee relations manager, who paid tribute to Mr. Waste for his "intelligent leadership".

(Continued on Page Two)

Larger Following Sought by Teeners

At Marin City Teeners' Club meeting September 18, members appointed Nancy Larsen as acting mayor and Eleanor Campbell, acting secretary.

A discussion concerning the small attendance at the last few dances led to a decision to discontinue teener dances until October 5.

However, in view of this latter decision, the Marin County Recreation Department announces that they will sponsor the teener dances, rather than see members lose interest in the club. It is hoped by the recreation authorities that teeners will attend the next dance, to be held at 9 p.m., September 21, in the auditorium at the Community Building.

Recreation authorities state unless regular and increased attendance picks up, they will not be able to continue to support the dances.

In addition to the dance tonight, there will be games and free cokes. An effort will be made to stimulate enthusiasm and interest amongst teeners.

Let's all show up in full force—these dances can be a lot of fun.

County Camp Fire Girls to Meet

A discussion group of Marin County Camp Fire girls have extended an invitation to all women interested in the national program to participate in a meeting Thursday, September 27 at 3 p.m., in the Community Building. Methods of how to supplement the activities of home, church and school will be the main topics. Miss Jean Nipper, staff assistant and Miss Louisa R. Fox, executive, will discuss group and sponsor organizations of the Bluebirds, Camp Fire, and Horizon Club, for girls 7 years old through high school. All Marin City women are asked to come.

Local Paratrooper Returns to Marin

Paratrooper Earl Burrows has just come home from France, reveals his mother, Mrs. Elizabeth Horton, Apt. 61-483. Earl is the second son to return home from overseas. He practically followed his brother, William, into the house. William returned from Germany early this month. Plans for a big reunion are assured for the boys.

Marin Health Data

The Marin County Health Department reports that during the week of September 15, there were 20 cases of measles, six cases of syphillis, three of gonorrhoea, two mumps, one chickenpox and one scarlet fever recorded throughout the county.

OPA officials report that better half soles will soon be available at shoe repair shops.

WOMEN . . . *Are People*

By MARGO DICK.

Several years ago Abbe Dimnet, famous French philosopher, made a lecture tour of American Women's Clubs. After it was over, an earnest young female friend asked him, "Do you think I should join a woman's club?"

"Yes," said Abbe wearily, "if everything else fails."

His remark was typical of a certain section of the American as well as the French public in its attitude towards women in groups. Many people — women included — are afraid of women en masse, you might say. Some people find women in groups unpleasant.

But, one of the things us gals are going to have to learn, I believe, is to organize ourselves into groups, and to keep ourselves likeable and attractive at the same time.

The reason we must organize is that today, more than anytime in our country's history, we are needed to contribute an influence on our country's destiny.

Big words? Not too big, I don't think. I think I might more accurately call the statement a big FACT.

Our influence for good is needed today as never before; and, if we are going to influence anyone we are going to have to organize, for one voice crying out for or against anything is usually lost. Twenty, thirty, fifty, or several hundred voices, organized and in co-operation with each other are a power.

That is why I think that all of us, whether or not we have ever before belonged to any group or organization of women, should join one.

Of course, just simply joining is not enough. It is all going to depend on what we do, what action we take, as American citizens, once we join.

Beginning with our town's affairs and extending to national and international affairs, we must study, keep ourselves informed, and then make our voices heard as being in favor of or against certain tendencies in our local and national government.

What sides we take in these issues it is not my or anyone's business to advise. The really important thing is that we keep thinking, keep reading, and keep acting in conformity with what we as women, as people living in a Democracy, passionately believe to be right.

The only real sin, the only real danger now, with the world at the greatest crisis in its history, is to take no action at all; to have no interest; to become lethargic. We cannot do this or the blood of our children and of their children will be on our heads!

So there it is, as this one columnist sees it. We must, at this crucial moment in history, think, organize and act to prove to the world that our Democracy, working at the top of its powers, can and will solve the problem of peace on earth. The alternative is that the lights of civilization all over the world will go out suddenly and forever in the great white light of the atomic blast.

Next week I am going to talk about some of the civic organizations open to Marin women. If you are a member or an officer of any group in Marin which wants new members, do please sit down and write me or call me today. I will be glad to describe your organization in an early issue of the "Journal."

Dr. McNulty To Retire

Dr. Albert McNulty, full-time physician at the Marin Dormitories, and who also held office hours at the local Medical Center, is retiring from active service and plans to go to his ranch in Mendocino County.

Yard Launches Last Tanker

(Continued from Page One)

Asserting that the story of Marinship is "too big to be credited to any one man", Waste singled out past and present members of the Marinship operating committee for special honors. He mentioned E. B. Panton, former construction manager in charge of building the $17,000,000 shipyard; Bruce Vernon, former chief engineer who designed the shipyard; Engineers T. F. FitzGerald, W. C. Ryan and R. F. Grambow; E. B. Fox, former personnel assistant to the general manager and E. J. Rising, former materials manager.

Lauded for their continuing contribution were Ray L. Hamilton, production manager, and Robert Digges, administrative manager.

"These men, and those who worked under them, made Marinship the fastest and most efficient tanker shipyard in America," Waste declared.

The Mission San Francisco, like all Mission tankers built exclusively at Marinship, is named for a historic Spanish mission of California and the southwest. Mission San Francisco de Asis, which was built in 1598 at a point now 12 miles north of Albuquerque, New Mexico, shares its name with the City of San Francisco and with the bay on which Marinship is located.

USO Calls for Child Care Help

Mrs. Marie Larsen of the USO-Travellers' Aid, disclosed this week that an ever-growing need for people interested in caring for children by the hour or day exists. She asks that all persons interested in such work register immediately at the local USO office.

Mrs. Larsen states that the number of requests for such persons by parents who are working hours that won't permit child care, is growing daily. She urges all who can help to report as soon as possible.

Bad Fire at Marin Dorms

The Housing Authority reported that a serious fire took place last Sunday night at Marin Dormitories in L Building. The fire was believed started by a tenant who, during an argument with his wife, set her clothes on fire. Flames were confined to one double room and an estimated damage of $2500 resulted. The tenant was booked in the Sausalito jail, but later released after paying a $100 fine.

Officials of the Housing Authority report that the damaged section of the building will not be repaired other than weatherproofing.

Child Posture Discussed at Health Meeting

Guest advisor at the Marin City Child Health Conference on September 19, was Miss Anne De Hees, physio-therapist, who spoke on posture and exercises for children who are in need of correction for abnormal posture. All children seen by Miss De Hees were referred to the examining physician, Dr. Catherine Pike. Dr. Pike, pediatrician, has recently opened an office in Marin County.

These conferences are held in Marin City each Wednesday from 9 to 11 a.m. at the Branch Health Department offices next to the Post Office and are provided by the County Health Department.

Any well child from birth to school age, not already under periodic medical supervision, is welcome to attend these conferences. There is no cost for the advice given during the conference and parents with children are urged to take advantage of the service.

At present, Marin City ladies aiding in the conferences are Mesdames Mary Meyer, Helen Walenta, Dan Allen and Pauline Lindsay. Mrs. Mary Meyer has been vacationing and her return to the conferences is most welcome.

Public health nurses alternating in the Marin City conferences are Elizabeth Newell and Verna Norton.

Several different kinds of little-used foods are being removed from price control. Such delicacies as canned caviar, frog legs, imported canned snails and smoked sturgeon are a few of the items to be ration free.

$116,000 GOAL IS SET IN WAR CHEST DRIVE TO START OCTOBER 1

Adoption of a $116,000 goal for the Victory campaign of the Marin War Chest was announced today by Thomas P. Ludcke, campaign chairman for the united appeal representing eight Marin County organizations and all agencies of the National War Fund. The goal, which is slightly less than last year's goal, was officially set by unanimous vote of the directors of the reorganized Marin War Chest, and was conveyed officially to Ludcke by K. K. Bechtel of Ross, president of Marin War Chest.

Each community and district of Marin County will receive its portion of the $116,000 as a campaign quota, Ludcke said. Exact apportionment of quotas is now being determined, he stated.

"In view of the increased burdens which are falling upon the eight local agencies to whom our funds go, and the strains placed on national organizations by the sudden cessation of hostilities, we are pleased that this year's quota can be less than last year's," continued Ludcke.

In Marin County, funds raised by the Marin War Chest are given to the Boy Scouts, Camp Fire Girls, St. Vincent's School for Boys, Sunny Hills Orphanage and Farm, Girl Scouts, Catholic Charities, Salvation Army and Marin City Welfare.

The Marin War Chest is the only drive which will be made for the year 1946 by any of the agencies represented on the Chest. Every Marin resident is asked to make a total of the amounts he should give to each of the agencies, and to give at least that to the Marin War Chest.

J. B. Rice has been named general chairman of the campaign in San Rafael, with Mrs. Herbert K. Walton as co-chairman in charge of residential areas. Matt Graham will direct the funds solicitation in the business district.

Womens Club Wins Air Force Praise

The Marin City Women's Club has received the following letter from the AAF Regional and Air Debarkation Hospital at Hamilton Field, Office of the Surgeon:

Dear Friends:

Capt. Alphonse Marx, Convalescent Services Officer at the Air Debarkation Hospital, Hamilton Field, California, has informed me of your contribution to the Air Evacuee Patients' Welfare Fund.

I would like to extend my personal thanks and appreciation to you for this fine gesture on behalf of the many wounded returnees who will derive so much benefit and pleasure from your donation. Let me assure you there is no better cause to which you could give, and the free phone call home given the boys from this fund is of tremendous morale value.

Sincerely,
A. W. Smith,
Colonel, M. C.

CHRISTIAN SCIENCE CHURCH

In Christian Science churches September 23.

Lesson-Sermon subject: "Matter."

Golden Text: Isaiah 43.12. "I have declared, and have saved and I have shewed, when there was no strange god among you; therefore ye are my witnesses, saith the Lord, that I am God."

Excerpts from the Sermon:

The Bible: "Be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God" (Rom. 12: 2).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The time approaches when mortal mind will forsake its corporeal, structural, and material basis, when immortal Mind and its formations will be apprehended in Science, and material beliefs will not interfere with spiritual facts" (p. 402).

Be sure to read The Marin Citizan want ads.

Letters to the Editor

(The following is a letter sent to one of our readers who has forwarded it to The Marin Citizen for public reading):

"Many thanks for the numerous publications you have sent me relative to the highly democratic civic government of Marin City, Calif.

"At various meetings on social progress, I will use the latest copy of The Marin Citizen as one of my exhibits during the course of my discussions as evidence of our social and political propress. Sincerely yours,

"FRANK BOYD,
"443 Mackubur St.
"St. Paul, Minn."

California tax reductions from July 1, 1943 to June 30, 1947 will save state taxpayers a total of $225,550.000, according to State Department of Finance.

Walnuts and pecans won't come on the market until later in the fall.

Senorita Contest Closes October 2

The contest for Senorita of The San Rafael Fiesta will close October 2.

There are four young Native Daughters who are very close to the top, and a number of others who might be the winners with sufficient effort.

There will be three winners, the Senorita and the two who come in second and third at the close, who will be her attendants and who will share in the honors.

Diane Darling is still ahead by only a few votes, having 20,600, while Dottie Simons has 20,000. Eleanor Mastrip has 13,600 votes and Yvonne Hilliker has 13,000. Lois Bauer is not far behind with 8,200 and Dorothy Maier has 6,400. Joan Clark is credited with 6,200 votes and Pat McCabe has 5,000 votes.

More canned fish will be on the market. Reduced military needs make this possible.

THE ROAD AHEAD IS BRIGHTER!

America has rounded the great bend in the highway of war, and the road ahead is bright with hope and promise. Highways will soon be happy ways again.

Instead of leading to battlefronts and dangers, highways will lead to home—to old friends and new happiness.

And that's where Greyhound will be proud to round out its immense wartime job—by re-introducing service men and women (and travel hungry millions at home) to the land they fought for, the land they love.

With the lifting of wartime restrictions, Greyhound will further improve its service. More schedules will be added, giving greater frequency and offering more convenience. Newer buses, modernized terminals, new high standards of highway travel are now on the way. Look ahead with Greyhound!

Cookie Brigade Holds Bake On Wednesday

The Cookie Brigade of the Marin City Women's Club which was organized in May, 1943, had its final bake Wednesday, September 19. With real regret the final working committee used the last ingredients and closed the club locker up for the last time. Members of the farewell working committee were, Mesdames G. W. Miller, chairman; J. R. Kahrt, Fred Phillips, H. W. McGuire, and E. J. Andring.

Seven hundred cookies were baked, adding up to the grand total of 27,800 for the Brigade's complete efforts, in behalf of the boys stationed at Fort Cronkhite.

In the making of these cookies, all the ingredients have been donated by women living in Marin City—many of whom did not belong to the Women's Club. Materials were also sent by members after leaving Marin City. Among these were Mrs. George Hinnenkamp, former chairman, and Mrs. George Galbraith, former vice president and refreshment chairman.

A $1 donation from the Women's Club treasury started off the tremendous project which thereafter became self-supporting through ingredient contributions and donations of money and red points.

Church of Christ

On September 23, Mr. Kenneth Holsinger will be a guest speaker at the 11 o'clock morning church services and also during the evening sermon at 7:30 in the Gray Building, next to the fire house. The Church of Christ holds Bible classes for all age groups at 9:45 in the morning.

Medical Care for School Children

Dental and medical care for Marin City school children will be the subject of a meeting held the latter part of this week at the office of Dr. Irving Johnson in San Rafael.

Decisions reached at the meeting will be published as soon as they are available. Dr. Johnson is county physician for Marin.

Lovely Betty Sargent Becomes Mrs. Wedgeworth

Betty Jean Sargent, one of Marin City's loveliest girls, became the bride of William Hoffman Wedgeworth at 6 p.m. August 15. The new Mrs. Wedgeworth is well known to M. C. residents as the owner of the beauty shop here. Her husband, William, is the son of Mr. and Mrs. John B. Wedgeworth of Wedgeworth, Alabama. He is a signalman, stationed at Treasure Island.

They were married at the Methodist Church in San Rafael by Rev. Tipton. It was a simple, but impressive double ring ceremony. The bride was attended by her parents, Mr. and Mrs. Clyde Sargent of San Rafael, formerly of Pittsfield, Ill., and her sister, Mrs. Myhoff. Besides his parents, Mr. Wedgeworth had W. C. Davis, a Navy man from Mississippi, as witness.

The bride war a Navy gabardine suit, charmingly contrasted by a pale pink blouse and pink ostrich feather hat. Fox furs and a spray of three orchids completed the ensemble.

Since Mr. Wedgeworth will remain in the Navy until next August they plan to stay in their house here in Marin City. After leaving the Navy, he plans to study law and in the meantime the bride will continue the business she has established.

Voters League To Study Full Employment

The first Fall meeting of the Marin League of Women Voters will introduce the topic "Full Employment" to members and the public at the Sausalito Servicemen's Club on Tuesday, Sept. 25, at 1:30 p.m.

A speakers' panel composed of Mrs. Loren Jay, Mrs. Don Stevens, and Mrs. P. K. Gilman will discuss the proposed Federal Full Employment bill, explore the proposed state bills on employment and Governor Warren's statements concerning the subject, and will investigate the state and local employment situation.

Chairman will be Mrs. Martin Grane, league president, who will be in the chair for the question period following the speakers. The public is invited.

Housewife's Dream Comes True in Albert's New Dept.

All the household equipment, absent from stores since the war's beginning, will be on display in a new section of Albert's Department Store which is now being planned. The appliance department will feature all the necessities for modern housekeeping which homemakers have been seeking the past four years.

At the present time, orders are being taken for home washing machines, home freezing equipment, and other post-war models promised the American public. Under the direction of Wesley M. Wooten, manager of the department, all types of new electrical equipment will be made available.

A bumper crop of almonds will provide housewives with plentiful supplies of this nut.

Red Cross Dedicates Chapter House

Dedication of New Building Credit to Marin Organization

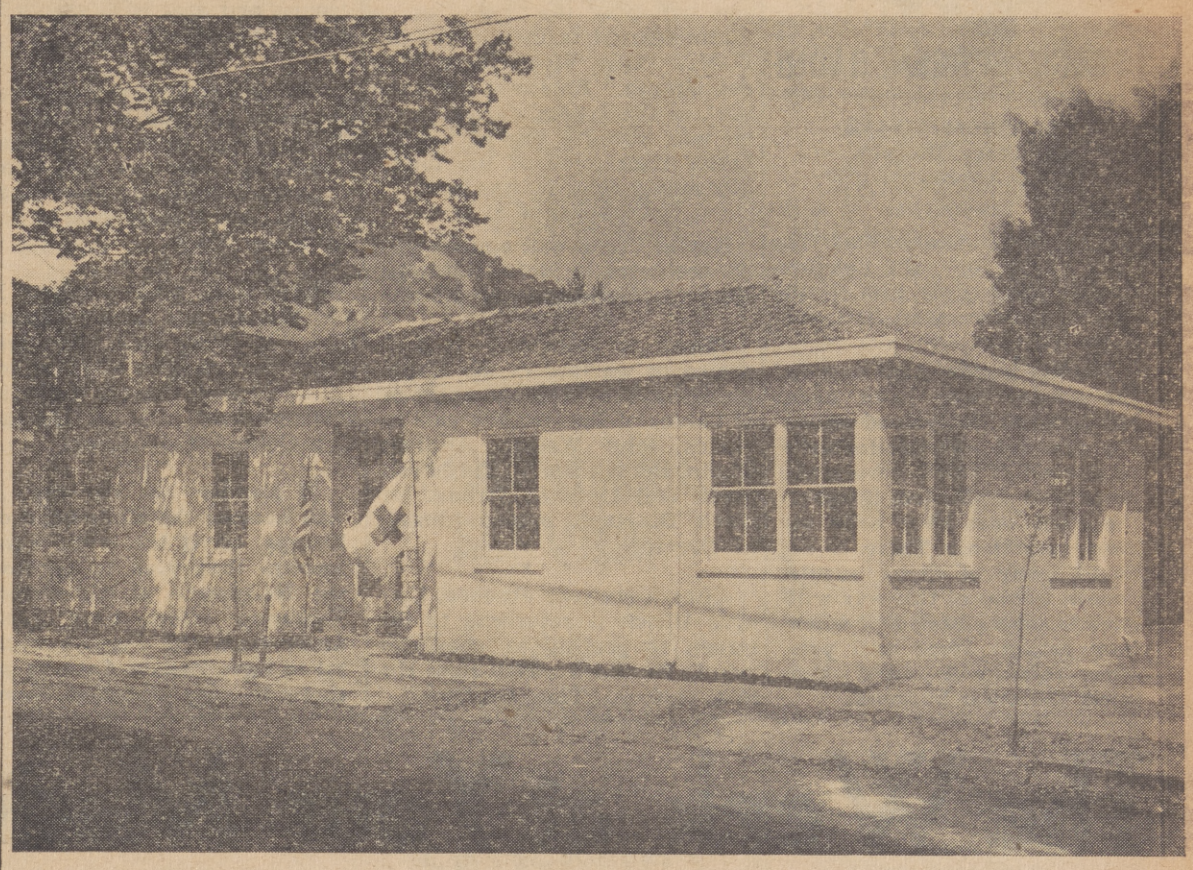
Many changes have taken place in the Marin County Chapter, American Red Cross, since that memorable day, twenty-five years ago, when a converted houseboat, the gift of Mrs. Edwin Newhall and family, in memory of her daughter, Virginia Whiting Newhall Jr., became the home of the local Red Cross Chapter. The houseboat, which stood at 712 Fifth Street, San Rafael, was made over into a bungalow and presented to the Red Cross Chapter December 30, 1919 by Dr. H. O. Howitt of San Rafael, who represented the medical profession. Reverend Lynn T. White spoke for Mrs. Newhall and Miss Margaret Foster, first Red Cross Chapter chairman, who received the gift which was to be known as the "Virginia Whiting Newhall Jr. Memorial Health Center", giving Marin County the distinction of being the first Chapter in the Pacific Division to have its own Health Center. The building was in continuous use for 25 years, and as the Red Cross activities increased, the crowded condition of the Chapter headquarters became a distinct handicap.

The houseboat, in addition to being inadequate as a Chapter House, was rapidly deteriorating so, in June 1944, Miss Edith S. Waterman, who succeeded Miss Foster as Chapter chairman and who remained in that capacity until her resignation last year, appointed Rev. Frederick H. Avery, present head of the local Red Cross Chapter, chairman of the building committee, informing him that the need for a new building is not alone for war-time quarters, but one that will serve the Chapter under normal peace-time conditions.

The new Chapter House, which is situated on the same grounds as the houseboat, and which will be officially opened to the public this Sunday, is, in reality, an addition to the old building which is still standing.

"We earnestly hope everyone will come to our open-house Sunday," Avery stated. "We are not alone proud of our new home, but proud of the tremendous work accomplished by our volunteer workers during the war."

Mrs. Rolland Phileo, chairman for the affair, has planned an exhibit of Red Cross services and motion pictures which will be shown during the afternoon and evening. The doors will open at 2 o'clock and remain open until 9 p.m. Over 2000 volunteer workers enrolled in the local Red Cross Chapter during the war, and an example of a "job well done" is the three million surgical dressings that were made, packed and shipped overseas by 12 Surgical Dressing Units of the Red Cross Production Department through the county who worked on an average of 12,000 hours a month.



Red Cross Services which will exhibit Sunday include Home Service, Home Nursing, Disaster Relief, Nurse's Aide, Blood Donor Service, Camp and Hospital Council Service. Canteen, Nutrition, Dietician's Aides, Motor Corps, Junior Red Cross, Water Safety, First Aid, Arts and Skills, Hospital and Recreation (Gray Ladies), Production and Visiting Nursing Service. Red Cross staff assistants will act as guides.

STAGE SCREEN RADIO

Released by Western Newspaper Union.

By VIRGINIA VALE
By Mary Dickson

General Eisenhower is authority for the statement that "The Story of GI Joe", the much-acclaimed Ernie Pyle film, is the most impressive war film ever made."

Former movie stars now in the service may have been left behind. Hollywood never did produce enough features to star all of them. New stars have been developed. Some of the older ones have been almost forgotten. There is no doubt many of these movie people, heroes of this war will have to take a back seat when they return. Some will produce, some will retire and some will enter business.

The new stars include Van Johnson, Eddie Bracken, Cornel Wilde, Robert Walker and dozens more.

* * *

Tough-guy Edward G. Robinson will play the part of a warm-hearted farmer in the M.-G.-M.'s "Our Vines Have Tender Grapes." Robinson plays the part of the typical farmer as if he was born to the part, even better than some of the tough-guy movie roles he has had.

* * *

Xavier Cugat will appear with his orchestra in Metro-Goldwyn-Mayer's "Holiday in Mexico."

* * *

"Back to Bataan," R.-K.-O. drama of warfare in the Philippines, has met with the approval of heroes of Bataan. The cast includes John Wayne, Anthony Quinn, Beulah Bondi, Fely Franquelli and Leonard Strong. Edward Dmytryk outdid himself as director.

* * *

After a six-year absence, Leonore Ulrich is returning to the screen to portray a character role in the Lucille Ball-John Hodiak picture, "Time for Two."

Carole Landis has been named by Twentieth Century-Fox to be starred in the musical, "Girl in the Moon." The firm, in Technicolor, will be produced by Geo. Jessel, with a Hollywood background and deal with search for new movie talent.

* * *

One-picture-a-year program has been adopted by Olivia De Haviland, at least for the next three year. She has just signed a contract with Paramount calling for one feature role a year for three years.

* * *

Paramount will produce Elmer Rice's new play, "Dream Girl," in New York City, with Betty Field in the starring role . . . Stephen Laird, magazine correspondent, will try his luck as a Columbia producer.

* * *

If London has its way, it will become the Hollywood of Europe, or, if the truth were known, they plan to become the Hollywood of the world. Tempting offers have been made from the English capital to have Ronald Colman go there to play opposite Anne Neagle in "Piccadilly, 1945."

* * *

Dick Powell is running true to type. That means that he has variety in the type of films in which he appears. In his latest he will be a bank clerk by day and a killer by night.

* * *

Bob Cumming's first will be Chaplain John Grant's "Answer Us From Heaven," the story of an army chaplain who returns from the front minus both legs

* * *

Major Allen "Dry" Martini, whose plane was credited with 38 enemy planes, has turned down acting offers and returned to R.-K.-O. as assistant in production management department.

* * *

John Carroll was picked for the singing lead in "The Kissing Bandit". Carrol's voice has developed and shown considerable improvement and he is slated for big things in singing roles.

* * *

Records are being smashed by Van Johnson and Esther Williams on the screen. Their pictures are always in demand and held over in most cities.

* * *

MISCELLANY — Will Bing Crosby return to the air? That is the $64 question. He is still up in the air about the answer. "Song to Remember," in Technicolor, still packing them in. Chopin's music the feature, shared with Paul Muni. Billy Rose believes he can repeat success of his "Diamond Horseshoe" in London, with entertainers of yesterday, after which he will eye the screen for a similar feature.

Church of God

Services are now being held by the Church of God at the Marin City Religious Center Sunday afternoon.

Sunday School for all ages runs from 3 to 4 p.m. Preaching from 4 till 5 o'clock.

The midweek prayer meeting is on Wednesday at 7:30 p.m.

Rev. B. Gray Stewart, pastor, extends to all a cordial invitation and a hearty welcome to worship with them at each service. Pastor's address: A54-429, Marin City.

Playground for Pupils Who Attend School

Two accidents occurred at the local school playgrounds during the week when children were playing on the grounds without adult supervision. Superintendent Doyle, of the Sausalito School District, states that parents are urged to instruct their children not to use the playground equipment or grounds except when they are attending school. The school department fears that further accidents will occur if children use the grounds when there is no adult supervision.

The school program provides for recreational activities for the different classes each school day. There are hours each day when teachers or adult members of the school faculty are in charge of the playgrounds.

Parents are asked to see to it that their children do not play on the grounds at any time other than during the hours they attend school.

Youngsters who attend school in the morning can play on the grounds in the morning during their physical education classes and during recess. This is the only time when morning students should play on the grounds. Pupils attending afternoon school are to play on the grounds only in the afternoon.

Realizing that these rules appear extremely stringent, Boyle asks that parents remember that a safety warning in advance may prevent any number of serious future accidents. These rules have been made only for the good of Marin City parents and their children. It is hoped that they will be abided by.

S. R. High Elects New Senators

Election of Senators was held at San Rafael High School early this week. The new class representatives include Miss Newcomer, Fong Wong; Miss O'Brien, Esther Knutte; Miss Boltin, Dick Herkener; Mrs. Palmer, Marie Howe; Mrs. Dittman, Remo Scherini; Mr. Melle, Warren Dohemann; Mr. MacChesney, Delores Cooper; Miss Cunningham, Jean Nunes; Mr. Costello, Emil Bettini.

Others are: Mr. Estes, Virginia Serna; Mr. Dresia, Jim Davis; Mr. Hildebrant, Betty Nave; Mrs. Murray, Franc Frandelizio; Mr. Haynes, Rich Nave; Mrs. Boeken, Reva Gootlieb; Miss Milliken, Dot Simon; Mrs. Lorenzen, Sheila McKinney; Mr. Woelz, Raphael Michiletti; Mr. Hines, Phillip Schiller; and Mr. Kesler, Kay Mattos.

Reading Matter Wanted by Center

Our Marin Medical Center is in great need of books and magazines. Lately residents have not been sending or giving their old magazines to the Medical Center, with the result they are practically without words or reading.

They ask that you remember them before discarding old magazines and books.

Medical Care for Local Youngsters

The Medical Center this week reported that Ralph Price, 13, son of Mr. and Mrs. John Price, House 90, incurred a broken left upper arm September 17 while pole vaulting at Tamalpais High School. The boy's arm is now in a cast and his school attendance has been resumed.

Marin City Medical Center also disclosed that Mr. and Mrs. Lewis Tafoya's son David, 13, underwent an appendectomy September 18 at Ross General Hospital. David's condition was reported as good.

Orrie Carpenter, House 106, son of Mr. and Mrs. Lyle Carpenter, fractured his foot on September 17 while broad-jumping during his physical education class at Tamalpais High. His foot was put in a cast Wednesday and he reported back to school the following day.

Four-year-old David Bellak, son of Elona Bellak, supervising nurse at Marin City's Medical Center, was home this week from nursery school with an acute cold and ear infection.

Pears have been raised one-half cent a pound, from 14½ to 15 cents.

A Year Ago In Marin City

Retired Col. U. S. Army, Dr. Colbert, came to live in Marin City as a resident doctor and director of the Medical Center.

Three Marin City people made the nine-time blood donor mark when the Red Cross Mobile Unit visited Marin City last Friday.

Keel for the Marinship flagship, USS Tamalpais, was laid last Monday morning.

The Marin City Council meets this Sunday, September 24 at 8 p.m. in the Community House lounge. All community residents are invited to attend and join in the discussion during The Good of Marin Hour.

The heaviest enrollment ever shown at the Marin City school was set last Tuesday with 955 children signed up.

A group of patriotic young Negro women of Marin City attended a dance at Treasure Island Sept. 13. This was the second time the ladies responded to an appeal for junior hostesses for Navy dances held on the island for enlisted personnel.

Thirty-nine new residents moved into Marin City last week with a large representation coming from Texas and the southern states.

Marin City's Midgets, undefeated baseball team, are to be honored at a sumptuous banquet tonight at the Community House prepared by ladies of the Teeners' Advisory Committee and served by admiring teener girls.

Lynn Draper, Marin City's own candidate for Senorita of the San Rafael Fiesta, was gaining in strength in the contest this week as the community support swung in behind her.

Pepper will continue scarce until the condition of stocks in the Far East is known. The Far East is the source of 98 per cent of our normal supply.

"To do everything in our power to promote the welfare and community spirit of Marin City.

JERRY de VRIES, Editor
ALFRED CANTOR, Advertising Manager

"The Marin Citizen" is delivered each week to the homes of more than 6000 war workers and their families. It is the only newspaper published in the second largest city of Marin County.
Subscription Rate: $2.50 a year. Advertising rates on application

The Fight's Just Begun!

You read in the Marin Citizen last week that the Child Care Center will continue through the month of October. This week you read that the Recreation program is also to continue through the month of October. This is good news. But good only temporarily. Think! Ask yourself—how did we succeed in getting an extension of time on both of these programs? And now that we have the extension are we going to sit back and let the matter slide? Ask yourself that question, too. Do you realize how powerful you are when you want to be? That is, do you realize that because of your letters, wires, phone calls and word of mouth expressions, both of these programs still exist?

You are proving a great deal when you exert your rights as a citizen of these United States. When you told the men in Washington; when you wrote letters; sent wires; asked newspapers and broadcasting companies to cooperate; you illustrated that we truly live in a democracy. You proved that the government works for you—not you for the government. Granted, we didn't get what we went after completely . . . no, we only got a very small part of it. That's why it's important for you today to ask yourself again about what's going to happen to Child Care and Recreation after the end of October. You have started a fight for something you wanted—don't relent when you have only a teaser. We must get the full bite. Child Care should be a permanent thing—likewise the recreation program. Or is this last sentence wrong? Would you rather throw in the white towel, indicating you are satisfied. If you would, you never should have started the job.

Again we are urging mothers and all interested to continue sending wires and letters to Congress, Senators and any men in Washington they may know.

Your Congressmen are:

Senator Sheridan Downey
United States Senate
Washington, D. C.

Senator William Knowland
United States Senate
Washington, D. C.

Representative Clarence Lea
House of Representatives
Washington, D. C.

We should say keep up the good work. After all, we got an extension of time. Perhaps we should see if we can rally and really get what we went after before we pour out congratulations. Think about this—it's your baby!

That Little Yellow Flame

The yellow flames were dancing proudly and brightly and in their midst was a young boy. No matter what direction he tried to run he couldn't escape. When the fire had finally been quelled nothing but ashes and bones remained of the boy.

To light a match is fascinating to a boy five, nine or eleven years, and all boys who are old enough to reach and play with things they shouldn't. Often, however, the guilty get burned. Sometimes they don't.

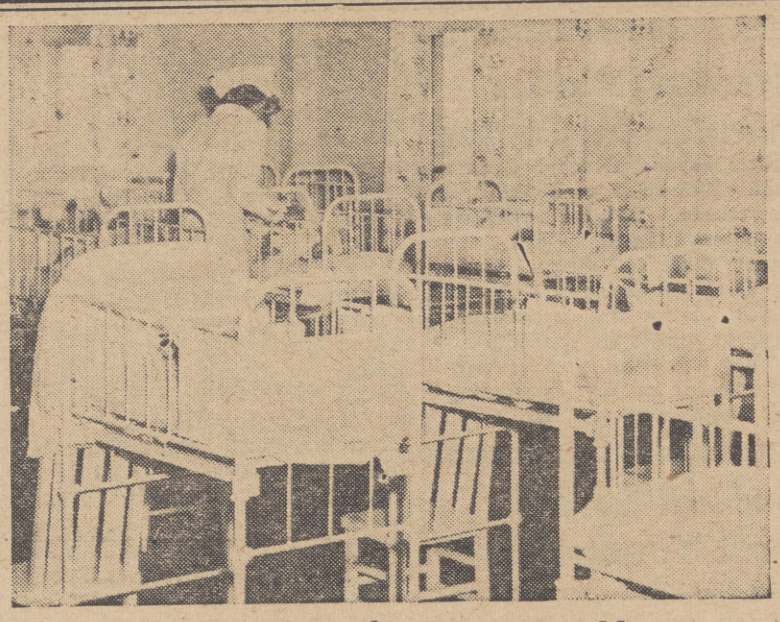
Marin City during the last few weeks has had an ever increasing number of fires of one kind or another. Almost half of them have been started by young children playing with matches. The youngsters guilty of this are no more at fault than their parents. It is they who should reprimand and teach their children the terror that can be brought by one match. Destruction and death caused by one little yellow flame has been going on for years. The match has a definite, useful advantage to man. Also it can cause him crucial unhappiness. Parents are grown up people who should take the time and patience to stress and explain the evils of playing with matches to their children. Every time a child is responsible for a fire it reflects back to the parent —no one else.

Some parents excuse themselves by saying: "No matter how emphatic I am with my boy, he just won't learn." This may be true, but if the parent keeps trying a way will be found to make the child remember his misdemeanor.

Remember—a yellow flame can be a crackling warm fireplace giving warmth and happiness—it also can cause terror, death and pain.

Be thorough in all you do and remember that though ignorance often may be innocent, pretension is always despicable.—W. E. Gladstone.

Religions may waste away, but the fittest survives; and so long as we have the right ideal, life is worth living and God takes care of our life.—Mary Baker Eddy.



War Chest Aids Nursery Home

The hand of mercy reaches from Marin County into this modern nursery, maintained by the Salvation Army at the Booth Memorial Hospital in Oakland. Here, unmarried mothers are given the care they need to bring their children into the world bravely. This work, so vital now, looks to the Marin War Chest for its only means of support from Marin County. Campaign for funds for eight local agencies, of which this is one, and for all agencies of the National War Fund, will start throughout Marin on October 1.

A Vet Speaks

Vet Learns Civilian Life Not Easy—But Terrific!

(Here's a letter to the Marin Citizen from a newly made veteran of the Pacific. Read it—see if you get the points). "The major shook my hand and said, "now you're a civilian —congratulations!" That sounded great. Mr. So and So! With the beautiful white slip of paper saying 'honorably discharged from the United States Army' tucked under my arm, I left Camp Beale. Three and a half years! Entirely free to roam at will! . . . Independent! . . . Wow, what a feeling!

At the OPA the tall, thin, string-bean of a woman with fuzz on her chin was handed a form. A squat, black-haired Portuguese with smiling gold teeth was handed a slip of paper, 'Fill it out and come back.' The smell of garlic and sweat from his striped purple shirt was a good smell—almost sweet. A soldier with medals all over his chest and five overseas bars moved up to the counter and was handed a slip of paper for gasoline. Taking my place, the girl behind the counter said: 'Yes, but you see, you're a civilian now. Any extra rations require these forms. Here is your book!'

"Getting on a bus, paying almost twice what I'd pay as a soldier was tough. Riding a train was the same way. And eating in restaurants three times a day . . . 'I begin to see that I'll have to cut down on my appetite.'

"Most of the guys I know who left Beale said they were going to take anywhere from a month to three months of doing nothing, and they meant doing nothing. I met one of these fellows in San Francisco. 'Gees, this civilian life is terrific, but so is the cost of living,' he quirped. Then added, 'It's really steep. At the rate I'm goin' that mustering out pay won't last two weeks. Three hundred bucks doesn't mean anything.'

'A dollar seems to be worth about fifty cents today', I said.

Nevertheless, we both agreed that to be civilians was terific. 'I'm heading for Lake County,' he said, 'plenty of sack (sleep), swimming, women,—and forget about everything . . . that's for me!' "

What's Going On In The World?

(Prepared by National League of Women Voters.)

1. In our local store there has been such a heavy run on canned foods that last week the shelves were almost empty. The store manager inquired the reason for this and was told by his customers: "We understand all the canned food is going to be shipped to Europe this winter, so we're stocking up." Is this true?

2. On days when we worry about our future and our war job coming to an end, it is well to remember what a black future the Allied Nations have escaped. One of the German High Command's most secret documents, "The Military Administration of England", recently fell into British hands. What sort of a future did Germany plan for our Ally?

3. If any of us doubt that the main job of every American citizen is to help win the peace, all we have to do is to think what is in store for us in the next war if this peace fails to work. What did General H. H. Arnold, head of the Army Air Forces, have to say the other day about the weapons now probable?

ANSWERS

1. No. Canned goods are not among the important items for relief. If we fail to send reasonable amounts of the foods that are needed, disaster is certain. It has been estimated that if each adult in the United States cut down his diet by only 8 per cent, enough food would be released to increase the daily supply to Greece, Albania, Norway, the Netherlands and Belgium by more than 80 per cent, giving the people of these countries the 2600 calories needed for active work.

2. Hitler planned to complete the occupation of England before September 9, 1940, 14 weeks after Dunkirk. Great Britain was to be transformed into Germany's main workshop in which to turn out weapons for the "Battle of Russia". To prevent sabotage, the entire male population of Britain between the ages of 17 and 45 was to be deported to the continent and placed in concentration camps.

3. If another aggressor arises to strike the peace-loving nations, he will strike with pilotless missiles directed unerringly from any spot on the world's surface to any other spot, carry-

Fire Department

Marin City's fire department during the past week was called to extinguish a minor gas explosion caused by a heater in the furnace room at Apt. 43.

Canned artichokes, frozen bamboo sprouts, bean sprouts, brined and canned cauliflower, canned frozen corn on the cob, imported canned mushrooms are now point free.

In This Corner

By JOHN DUFFY.

In February 1943, the late President Roosevelt said "Americanism is not, and never was, a matter of race or ancestry." Since the days of the American Revolution, when Crispus Attucks, a Negro, was the first man to sacrifice his life in the Boston Massacre of 1770, and Hayem Solomon, a Jew, risked his life and fortune to give much needed support to General Washington, members of minority groups have made many sacrifices which bear out the remarks of Franklin Roosevelt.

During World War II, minority peoples have carried on this great tradition of loyalty and devotion to America. Outstanding in the service of the nation have been Negro and Japanese-American soldiers. Officers who have led Negro troops in the various theaters of war have gone out of their way to counteract the untrue and un-American attacks which have been made on these servicemen by certain Southern senators. Japanese-American soldiers also have a unique and heroic record. In the 100th Infantry Unit, made up of Japanese-Americans from Hawaii, more than 1,000 Purple Hearts were awarded as a result of casualties suffered by the unit. War correspondents following the 442nd Combat Team, made up of Japanese-Americans from the United States mainland, have written much about the fearless courage and excellent morale of these men. Likewise, they have published many articles about "the dismay of German prisoners on learning that they had been captured by Japanese-Americans." Italian-Americans and German-Americans, in addition to other groups, have also made significant contributions toward the defeat of Hitler and Mussolini and Tojo.

The roster of American heroes in this war reads like a meeting of representatives of the United Nations.

One of the healthy results of this war is found in the constructive attitudes which many servicemen and women have taken toward their fellows of different races or religions. For example, when three Negro WACs were arrested in Kentucky for standing in the white section of a Jim Crow bus line, more than 100 white servicemen, located in Seattle, Washington, sent vigorous protests against this mistreatment of the WACs to high officials in the Federal government. Another example occurred when a Chinese-American sergeant in the U.S. Army rebuked a California legislator for carrying on a "narrow-minded race-hating campaign" against Japanese-Americans.

To many servicemen and women, the standard for judging another person is not by race, color, religion, or ancestry. They judge a man or woman on whether or not he or she is a good soldier. Citizens at home, likewise, should not judge each other on the basis of race, color, religion or ancestry. Citizens should judge a person on whether or not he or she is a good citizen, without regard to these other factors. Only in this way will Franklin Roosevelt's remarks that "Americanism is not, and never was, a matter of race or ancestry" have any practical meaning in our democracy.

Duffy and Church

Rev. John Duffy will speak on "Planting a Garden For God" at the 11 o'clock worship service at the Marin City Community Church, Sunday morning. A special feature of the program will be provided by the Junior Choir which will sing three numbers.

Sunday School classes for young people of all age groups begin at 9:45 a.m. All services are held in the Community Center Building.

A new material known as neolite for shoe repair work is now on the market.
